

Welcome to Thrasher Opera House!

We are currently in the midst of our \$3M renovation, and while we are open during construction, we have a few logistical updates:

Arrival & Accessibility: Parking is available on area streets or public lots.

Drop Off Zone: You may pull over to drop off guests in the area located on the street in front of the office driveway. Look for the signage.

Mobility Access: The gate will be open for any guests who would like a no-stair entrance. If you need a hand, just check in with one of our staff members or volunteers—we are happy to help!

Restrooms: We know that our current bathroom situation is not ideal during this phase. Please feel free to use the restroom facilities at any time during the show. Your comfort is our priority, and we invite you to move about as needed without concern.

Bar & Drink Service

Bar will be closed during performance times, and will close for the night after intermission.

Beat the Rush! Order digitally using this QR Code **prior to doors opening** and **during the first set**, and your drink will be ready and waiting. Walk ups and cash purchases still available at bar.
